

We gave everyone our Assessments tool for free!

We believe in helping our customers maximize employee performance.

That's why we've given everyone **two years of access to Assessments for free.**

We want everyone to experience the power of Assessments and see how it can elevate their employee's performance:

- Performance evaluations
- Personal development plans
- Employee surveys
- Pre-hire screening,
- and much more!

Assessments are now activated and located in your Admin settings!

Let's meet! I'd like to know more.

Identify Skill Gaps With Assessments

Become a CypherWorx Customer!

We love our customers. This is just one of the ways we stay in touch.
